The procedures we performed and our findings are as follows:

- 1. Compared the Total revenues amount reported on page 3 of the audited Form X-17A-5 for the year ended March 31, 2015 to the Total revenue amount of \$26,437,346 reported on page 2, item 2a of Form SIPC-7 for the year ended March 31, 2015, noting no differences.

 - a. Compared deductions on line 2c(1), Revenues from the distribution of shares of a registered open end investment company or unit investment trust, from the sale of variable annuities, from the business of insurance, from investment advisory services rendered to registered investment companies or insurance company separate accounts, and from transactions in security futures products of \$26,432,855 to Distribution fees, net of waivers amount reported on the audited Form X-17A-5 for the year ended March 31, 2015, noting no differences.
- 3. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers obtained in procedure 3, as follows:
 - a. Recalculated the mathematical accuracy of the SIPC Net Operating Revenues on page 2, line 2d and the General Assessment @ .0025 on page 2, line 2e of \$4,491 and \$11.23, respectively of the Form SIPC-7, noting no differences.
 - b. Recalculated the mathematical accuracy of the Total assessment balance and interest due (or overpayment carried forward) on page 1, line 2F of (\$138.03), of the Form SIPC-7, noting no differences.

4. Compared the amount of any overpayment applied to the current assessment on page 1, item 2C of (\$149.26) of the Form SIPC-7 with page 1, item 2H of (\$149.26) of the Form SIPC-7 filed for the prior period ended March 31, 2014 on which it was originally computed, noting no differences.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on the Royce Fund Services, Inc.'s preparation of the Form SIPC-7 in accordance with the applicable instructions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

Report of Independent Registered Public Accounting Firm

To the Board of Directors of Royce Fund Services, Inc.:

We have reviewed Royce Fund Services, Inc.'s assertions, included in the accompanying Royce Fund Services. Inc.'s Exemption Report, in which (1) the Company identified 17 C.F.R. § 240.15c3-3(k)(1) as the provision under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3 (the "exemption provision") and (2) the Company stated that it met the identified exemption provision throughout the year ended March 31, 2015 without exception. The Company's management is responsible for the assertions and for compliance with the identified exemption provision throughout the year ended March 31, 2015.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provision. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's assertions referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of 17 C.F.R. § 240.15c3-3.

B. Operations

Under a distribution agreement with the Funds, the Company seeks to promote the sale and/or continued holding of shares of such Funds through a variety of activities, including advertising, direct marketing, servicing investors and introducing parties on an ongoing basis. C. Fair Value of Financial Instruments

Accounting guidance for fair value measurements defines fair value and establishes a fair value hierarchy that prioritizes the inputs for valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (level 1). Level 2 of the hierarchy applies to financial instruments for which prices are quoted for similar assets and liabilities in active markets and the lowest priority, level 3, applies to financial instruments for which the values are based on unobservable inputs. Other than cash equivalents, which are level 1 financial instruments, the Company has no other financial instruments recorded at fair value.

D. Cash and Cash Equivalents

Cash equivalents at March 31, 2015 are short-term, highly liquid investments that, when purchased, have an original maturity of 90 days or less. The carrying amount of cash equivalents approximates fair value. The Company maintains cash in bank accounts, which at times, may exceed federally insured limits. The Company believes it has minimal credit risk with respect to those accounts.

E. Deferred Sales Commissions

Commissions paid to financial intermediaries in connection with sales of certain classes of Company-sponsored mutual funds are capitalized as deferred sales commissions. The asset is amortized over periods not exceeding one year, which represent the periods during which commissions are generally recovered from distribution and service fee revenues and from contingent deferred sales charges ("CDSC") received from shareholders of those funds upon redemption of their shares. CDSC receipts are recorded as distribution and servicing revenue when received and a reduction of the unamortized balance of deferred sales commissions, with a corresponding expense. Management periodically tests the deferred sales commission asset for impairment by reviewing the changes in value of the related shares, the relevant market conditions and other events and circumstances that may indicate an impairment in value has occurred. If these factors indicate an impairment in value, management compares the carrying value to the estimated undiscounted cash flows expected to be generated by the asset over its remaining life. If management determines that the deferred sales commission asset is not fully recoverable, the asset will be deemed impaired and a loss will be recorded in the amount by which the recorded amount of the asset exceeds its estimated fair value. No impairment charge was recorded in the year ended March 31, 2015.

F. Use of Estimates

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America that require management to make assumptions and estimates that affect the amounts and disclosures presented. Actual results could differ from those estimates and the differences could have a material impact on the financial statements.

2. Income Taxes

The Company has elected to be included in the consolidated federal income tax return with Legg Mason and files separate state income tax returns. The Company's allocable share of federal income taxes and its separate state income taxes are recorded as a provision for income taxes and taxes payable. The provision for federal income taxes is determined as if the Company filed a separate return. The provision for income taxes consists of:

Federal	\$ 202,246
State	30,499
	\$ 232,745

The Company's effective income tax rate differs from the statutory federal tax rate as a result of state income taxes.

Deferred income taxes are provided for the effects of temporary differences between the tax basis of an asset or liability and its reported amount in the financial statements. The following deferred tax assets and valuation allowances relating to loss carry forwards have been recorded at March 31, 2015.

Deferred Tax Assets:

U.S. state net operating loss carryover ¹	\$47,975
U.S. state capital loss carryover	
Total deferred tax assets	47,975
U.S. state valuation allowance	
Total Deferred tax assets	\$47,975

(1) The state net operating loss carry forward relates to Royce's allocated portion of state net operating losses due to consolidated filings with Legg Mason.

(an indirect wholly owned subsidiary of Legg Mason, Inc.)

Notes to Financial Statements for the Year Ended March 31, 2015

Deferred tax assets and (liabilities) are classified as follows at March 31, 2015:

Net non-current deferred tax asset	 47,975
Net deferred tax (liability)	\$ 47,975

The Company has determined that it has no material uncertain tax positions for the year ended March 31, 2015. The consolidated federal returns filed by the Parent and the separate state returns filed by the Company are subject to examination by the respective tax authorities. The following tax years remain open for each of the more significant jurisdictions where the Company is subject to income tax: after fiscal year 2013 for U.S. federal and after fiscal year 2008 for New York state and city.

3. Regulatory Requirements

The Company is subject to the Securities and Exchange Commission's ("SEC") Uniform Net Capital Rule pursuant to Rule 15c3-1 (the "Rule"), which requires the maintenance of minimum net capital of \$5,000 or 6-2/3% of total aggregate indebtedness, whichever is greater, and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (or 1500%). Net capital and the related ratio of aggregate indebtedness to net capital, as defined, may fluctuate on a daily basis.

As of March 31, 2015, the Company had net capital of \$3,933,532 which was \$3,724,508 in excess of required capital of \$209,024. The Company's percentage of aggregate indebtedness to net capital was 79.7%.

The Company is exempt from the SEC's Customer Protection Rule ("Rule 15c3-3"). Section (k)(1) of Rule 15c3-3 allows for this exemption because the company's business is limited to the distribution of mutual funds.

4. Commitments and Contingencies

In the normal course of business the Company enters into contracts that contain a variety of representations and warranties, and which provide general indemnifications. The Company's maximum exposure under these arrangements is unknown, as they would involve future claims that may be made against the Company that have not yet occurred.

5. Related Party Transactions

The Company has an expense sharing agreement with the Parent whereby the Parent assumes expenses on behalf the Company. During the fiscal year ended March 31, 2015 the company assumed \$2,890,412 of expenses.

(an indirect wholly owned subsidiary of Legg Mason, Inc.)

Notes to Financial Statements for the Year Ended March 31, 2015

As described in Note 2, the Company's income taxes are reported as part of the Legg Mason consolidated federal and certain state income tax returns. Legg Mason also files other separate state income tax returns on behalf of the Company. The Company settles with Legg Mason for any federal or state income tax payments or receipts relating to the Company on a quarterly basis.

6. Subsequent Events

The Company has evaluated all subsequent events through May 22, 2015, the issuance date of the financial statements
